1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1-15 are rejected under 35 U.S.C. 102(b) as being anticipated by Bond (5,421,224).

Bond discloses all of the limitations of claims 1, 6 and 11, i.e., a hand tool having two handles (72), each handle having first and second planar surfaces joined by inner and outer surfaces, and indicia (68) (69) located on the inner surface of at least one of said handles and indicating the type of said tool and wherein first and second handle portions pivotably connected to one another, each handle terminating in a tool head portion.

Wherein said indicia is located on the inner surface of both of said handles.

Bond also discloses that the indicia may be integrally formed on the handle or alternatively molded onto and raised from the handle meeting the limitations of claims 3, 9, 10 and 15.
